

DEER & RABBIT MACE

Nature's MACE™ advanced concentrated formula will make 5 gallons of ready-to-use product, and will treat over half an acre. This product is effective in repelling deer, rabbits, elk and moose from areas they may forage, but not limited to, shrubs, flowers, plants, ornamental trees, and vines.

DIRECTIONS: FOR BEST RESULTS, SHAKE WELL BEFORE USE.

Mix 8 ounces of concentrate with 1 gallon of water. Apply liberally to plants and their perimeter. Saturate soil and surrounding area. Avoid early morning spraying when plants are wet with dew. Avoid spraying in heavy rain or rain conditions. Repeat spraying in 7 days. Thereafter, spray every month for maximum coverage. Allow to dry for 20 minutes before watering.

FIRST AID: Keep out of reach of children. Wear protective clothing to avoid contact with skin. In case of contact with eyes, flush eyes with water for at least 20 minutes and seek immediate medical attention. If swallowed, drink 2 ounces of water and seek immediate medical attention.

STORAGE: STORE AT ROOM TEMPERATURE. If freezing occurs, or if the nozzle becomes blocked, submerge in warm water for 20 minutes and repeat as necessary.

CONTAINER DISPOSAL: Do not reuse container for anything other than intended purposes. Dispose of empty container as required by law. Do not discard the empty container or its contents in lakes, streams or waterways.

MONEY BACK GUARANTEE: If you are not satisfied with this product, return the unused portion to Nature's MACE corporate headquarters for a full refund. www.naturesmace.com. Buyer's guarantee is limited to this product's use claims.

This product is exempt from registration with the US EPA per 25(b) registration under FIFRA.
